FOR MORE INFORMATION: PLEASE
CONTACT FRANCES LONG, COMMUNITY EDUCATION
CO-ORDINATOR, 635-4931 LOCAL 37

COUNSELLING SERVICES

When a person makes the decision to continue their education there are a variety of options available to them depending upon their circumstances. If any of the following options are of interest to you, please do not hesitate to make an appointment with either Frances Long, Community Education Co-ordinator 635-4931 Loc. 37 or Bert Seinen - Counsellor at Northwest Community College, 635-6511.

CORRESPONDENCE EDUCATION

The Ministry of Education provides "Education by Mail" courses up to and including Grade 12, at a cost of \$15.00 per course.

Many Canadian Universities provide correspondence courses at an approximate cost of \$100.00 per course.

G.E.D. (GENERAL EDUCATIONAL DEVELOPMENT) TESTS

The G.E.D. tests provide an opportunity for many adults who did not graduate from Secondary School to acquire an official document stating that they have a grade XII Secondary School equivalency standing. This may assist you in qualifying for better jobs, for promotions within their own organization, and in applying for admission to post secondary educational institutions.

Applicants must be 19 years of age or older and out of school for 1 year.

See page 3 for information regarding classes and testing dates.

B. T. S. D. (BASIC TRAINING FOR SKILLS DEVELOPMENT)

This is an individualized vocational upgrading program for adults who have not completed secondary school. Sponsorship for this program may be available from Canada Employment Centre (Local Office).

To enter this fulltime day program you must be 16 years of age and out of school for one year.

Fee - \$15.00 per month

Location - N.C.C.

ADULT BASIC EDUCATION

General Educational Development

The purpose of the G.E.D. math and science prep. course and G.E.D. english prep. course is to help people prepare for the G.E.D. tests, which will be written at the end of the course.

The instructors will review the basic work with you, and provide the assistance required to prepare competently for the tests.

See page 2 for further information.

 Location - N.C.C. Shops No. 111
 Nights - Mondays & Wednesdays
 Additional courses will be offered as names of applicants accumulate. Applicants should state a preference for either Monday and Wednesday nights, or Tuesday and Thursday nights.

Times - 7:00 - 10:00 p.m.

Length - 8 sessions

Fee - \$30.00 plus \$2.00 for manual

SMALL ENGINE REPAIR (section s-564)

This course will cover outboard motors, lawn mowers, chain saws, and snowmobiles. It is intended to improve the skills of persons maintaining and working with small motors.

Instructor - Mr. W. Walters
 Location - N.C.C. (marine engine shop)
 Nights - Mondays & Wednesdays

Times - 7:00 - 10:00 p.m.

Length - 30 sessions

Fee - \$90.00

BASIC WELDING

This course is intended to assist persons working in trades which require welding, but do not warrant the employment of a full time welder.

Course A (section s-563)
 Instructor - Mr. E. Marchand
 Location N.C.C. (welding shop)
 Nights - Mondays & Wednesdays

Times - 5:30 - 8:30 p.m.

Length - 24 sessions

Fee - \$72.00

Course B (section s-562)
 Instructor - Mr. R. Lippold
 Location N.C.C. (welding shop)
 Nights - Tuesdays & Thursdays
 Starts - January 31, 1978

Times - 6:00 - 9:00 p.m.

Length - 24 sessions

Fee - \$72.00

BASIC CABINET CONSTRUCTION (section s-561)

This program covers the basic operations of Band and Power tools as used in the construction of kitchen cabinets. Instruction during the course includes, base or lower kitchen cabinets, upper kitchen cabinets, upper and base bathroom cabinets, drawers and doors for above cabinets, and application of arborite materials.

Instructor - Mr. W. Van Dooren
Location - N.C.C. (carpentry shop)
Nights - Mondays & Wednesdays

Times - 7:00 - 10:00 p.m.
Length - 10 sessions
Fee - \$30.00

AUTOMOTIVE ELECTRICAL TUNE-UP (section s-560)

This course is designed to up-grade tradesmen in the use of electronic tune-up devices and servicing emission control systems.

Instructor - Mr. C. Nielsen
Location - N.C.C. (automotive shop)
Nights - Mondays & Wednesdays

Times - 7:00 - 10:00 p.m.
Length - 8 sessions
Fee - \$24.00

SURVIVAL FIRST AID (section not assigned)

The purpose of this course is to provide an individual with knowledge and skills that are necessary for the emergency care of an injured person pending the arrival of qualified first aid or medical personnel. Courses will be offered on Saturdays when sufficient applications have been received. Those eligible to take the course are persons employed in industry or business where certification is relevant or to those students in trades and vocational courses. The full program is completed in one day. Fee - \$12.50 (includes examination).

INDUSTRIAL FIRST AID (section not assigned)

There will be 2 night classes and one full time day program, starting in late February or early March.

Please phone the college 635-6511 and give us your name, address, telephone number and class of ticket. Persons already holding a ticket will receive first priority over those without.

Location - N.C.C. Fee - \$100.00

BOOKKEEPING A.C.C. 1 (section s-559)

This is an introductory course into the fundamentals of bookkeeping. Identical to our day course, it requires a considerable amount of home assignments. Routine profit and loss, balance sheets and payroll calculations are included.

Completion of this course carries credit towards a Northwest College Business certificate.

Instructor - Mrs. J. MacIntosh
Location - N.C.C. Room 113
Nights - Tuesdays & Thursdays

Times - 7:00 - 10:00 p.m.
Length - 20 sessions
Fee - \$60.00 plus book

BOOKKEEPING A.C.C. 11 (section s-559)

Students who have completed bookkeeping ACC. I may enroll for ACC 11. This course is identical to our regular day program. Areas of study will include: accounts payable and accounts receivable; cash flow, bank reconciliation, promisory notes and adjustments. Students should have access to a 10 key adding machine. Completion of this course carries credit towards a Northwest College Business certificate.

Instructor - Mrs. J. MacIntosh
Location - N.C.C. Room No. 113
Nights - Tuesday & Thursday

Times - 7:00 - 10:00 p.m.
Length - 20 sessions
Fee - \$60.00 plus book

BUSINESS MANAGEMENT (section s-558)

This is an introductory course into the principles and practices of management. It is designed for those who are developing an interest in management and for those whose careers may be advanced by additional training or a refresher course. Areas of study will include organizing, budgeting, planning, scheduling, motivating, coordinating, regulating and deciding. Successful completion of this course carries credit towards a Northwest College Business certificate.

Instructor - Mr. B. Distell
Location - N.C.C. Room No. 106
Nights - Mondays and Wednesdays

Times - 7:00 - 9:00 p.m.
Length - 20 sessions
Fee - \$40.00 plus books

VOCATIONAL MATHEMATICS (section s-557)

This course is oriented towards pre-vocational and trades people. It is designed to help those who need a refresher course or who have specific problems with shop mathematics. It will cover fractions, decimals, percentage, measurement, and problem solving.

Instructor - W. Tripe de Roche
Location - N.C.C. Room No.
Nights - Tuesdays & Thursdays

Times - 7:00 - 9:00 p.m.
Length - 20 sessions
Fee - \$40.00

ELECTRONICS

The following electronic courses are Heath Continuing Education Self Study programs containing numerous lab experiments and unit tests as well as 33 1/3 rpm introductory records. In some areas supplementary lessons have been added.

A pre-test for all courses will establish the prerequisites. Both the pre-test and final exam consist of 50 multiple choice questions and require 60% score to pass. Courses are conducted concurrently, and students may study at their highest level of qualifications.

DC ELECTRONICS (section s-552)

No prerequisite required other than knowledge of algebra. Course content includes matter, atoms, current flow, voltage drops, series and parallel circuits, magnetic fields, voltage dividers, network theorems, time constants, DC meters and their use. Twenty lab experiments.

Instructor - Mr. A. Naherny
Location - N.C.C. (electronics shop)
Nights - Tuesday & Thursday

Times - 7:00 - 10:00 p.m.
Length - 16½ sessions
Fee - \$50.00

AC ELECTRONICS (section s-553)

Prerequisites are DC electronics or equivalent knowledge. Course content includes wave forms, period, frequency, AC meters, oscilloscope, series and parallel circuits, RC filters, phase shifts, reactance, vectors, transformers, trigonometry, resonance. Eight lab experiments and supplementary lessons on vector algebra (complex numbers as applied to AC circuits).

Instructor - Mr. A. Naherny
 Location - N.C.C. (electronics shop)
 Nights - Tuesday & Thursday

Times - 7:00 - 10:00 p.m.
 Length - 16½ sessions
 Fee - \$50.00

SEMI CONDUCTOR DEVICES (section s-554)

Prerequisites are Ac and DC electronics or equivalent knowledge. Course content includes diodes, zener diodes, bipolar transistor operation, field effect transistor operation, thyristors, unijunction transistors, special diode circuits, integrated circuits, optoelectronic devices and applications. Eleven lab experiments and supplementary lesson on bipolar transistor parameters.

Instructor - Mr. A. Naherny
 Location - N.C.C. (electronics shop)
 Nights - Tuesday & Thursday

Times - 7:00 - 10:00 p.m.
 Length - 16½ sessions
 Fee - \$50.00

ELECTRONIC CIRCUITS (section s-555)

Prerequisites are DC and AC electronics and semiconductor devices or the equivalent. Course content includes amplifier functions and configurations, classes of operation, audio, video, RF, IF amplifiers, voltage multipliers, voltage regulation, power supplies, oscillators, RC wave shaping circuits, clippers, AM, FM, SSB modulation, extensive use of meters and oscilloscopes to perform the eighteen experiments.

Instructor - Mr. A. Naherny
 Location - N.C.C. (electronics shop)
 Nights - Tuesday & Thursday

Times - 7:00 - 10:00 p.m.
 Length - 16½ sessions
 Fee - \$50.00

ADVANCED DIGITAL TECHNIQUES (section s-556)

Prerequisites are AC and DC electronics, semiconductor devices, electronic circuits on the equivalent. Course content includes TTL, ECL, CMOS, PMOS, NMOS integrated circuits, SSI, MSI, and LSI, ROM's and PLA's microprocessors and microcomputers. Also included are flip-flops, registers, sequential and combinational logic circuits; frequency counters, designing of logic circuits through truth tables, Boolean algebra and Karnough mapping. There will be twenty-four experiments.

Instructor - Mr. A. Naherny
 Location - N.C.C. (electronics shop)
 Nights - Tuesday & Thursday

Times - 7:00 - 10:00 p.m.
 Length - 25 sessions
 Fee - \$75.00

MEATCUTTING (section s-551)

This is a short course in the fundamentals and is intended primarily for hunters who want to cut their own game. It will include sharpening and maintenance of the various type of knives, sanitation and the actual cutting of meat. Enrollment is limited to ten students.

Instructor - Mr. J. Johnson
 Location - N.C.C. (cafeteria)
 Nights - Mondays & Wednesdays
 Starts January 30, 1978

Times - 7:00 - 9:00 p.m.
 Length - 10 sessions
 Fee - \$20.00

PITTMAN SHORTHAND (SHD) (section s-572)

Students in this course will learn shorthand theory and work on speeds to 80 wpm or more. Successful completion of the theory and testing to 80 wpm carries credit for shorthand unit 1 towards a Northwest College Business certificate.

Instructor - Mrs. R. Nieman
 Location - N.C.C. (Room 108)
 Nights - Tuesday & Thursdays

Times - 7:00 - 9:00 p.m.
 Length - 30 sessions
 Fee - \$60.00

MOBILE AND INDUSTRIAL HYDRAULICS

This training program covers the following areas - review of fluid fundamentals, hydraulics components and their application, hydraulic circuits (including blueprint reading), trouble shooting using testers and blueprints, and basic design criteria.

Students are asked to bring their hydraulics problems to class.

Course A (section not assigned)

Instructor - Mr. H. Duerichen
 Location - N.C.C. Room No. 109
 Dates - Feb. 13, 15, 17, 21, & 23, 1978

Times - 6:00 - 10:30 p.m.
 Length - 5 sessions
 Fee - \$30.00 plus books

Course B (section not assigned)

Instructor - Mr. H. Duerichen
 Location - N.C.C. Room No. 109
 Dates - Feb. 14, 16, 20, 22, 24, 1978

Times - 6:00 - 10:30 p.m.
 Length - 5 sessions
 Fee - \$30.00 plus books

University Transfer Program

Persons interested in taking these courses may do so for general interest or for credit. Most courses carry university transfer credit. For further information contact Bert Seinen or Brian Lopston. See page 13 for college admission procedures.

ANTHROPOLOGY 102 (section s-201)

An introduction to Anthropology - New Nations or New Colonies? - The dilemmas of development. Examination of basic concepts of anthropology, particularly the problems of economic, social and political development, being experienced by peoples in various parts of the world; specifically China, African nations, and Northern peoples (Cree, Inuit, and aboriginal people in Siberia).

Instructor - Stan Persky
 Location - N.C.C. Room No. 204
 Day - Wednesday
 1st class session - January 11, 1978

Times - 9:00 - 12:00 a.m.
 Length - 15 weeks
 Fee - \$25.50

BIOLOGY 102 - Introductory Biology II (section s-202)

A continuation of Biology 101 with emphasis on micro aspects of the life science. Topics include cell biology, molecular genetics, elemental biochemistry and other related topics.

Instructor - Allan Gottesfeld
 Location - N.C.C. Room No. 202
 Lectures - Tuesday 1:00 - 2:30 p.m.
 Thursday 9:00 - 10:30 a.m.
 1st session - January 10, 1978

Laboratory - Tuesday 7:00 - 10:00 p.m.
 or depending upon enrollment.
 Friday 1:00 - 4:00 p.m.
 Fee - \$25.50

CHEMISTRY 102 - Introductory Chemistry II (section s-203)

A continuation of Chem 101, designed to meet Science and Engineering students needs (3,3,1). Topics include thermodynamics and thermochemistry; acids, bases and salts: some organic chemistry.

Instructor - Norm Webster
 Location - N.C.C. Room No. 210
 Lectures - Monday & Thursday
 1:00 - 2:30 p.m.
 1st class session January 9, 1978

Laboratory - Wed. 7:00 - 10:00 p.m.
 Length - 15 weeks
 Fee - \$25.50

ECONOMICS 102 - Introductory Chemistry II (section s-203)

A continuation of Economics 101 with emphasis on specific economic issues. Topics include those issues pertinent to Canada: a study of wage and price controls, inflation and resource development.

Instructor - Andrew Whitaker
 Location - N.C.C. Room No. 204
 Dyas Monday & Thursday
 1st class session January 9, 1978.

Times - 2:30 - 4:00 p.m.
 Length - 15 weeks
 Fee - \$25.50

ECONOMICS 120 - Comparative Economic Systems (section s-205)

An examination of how societies organize the production and distribution of goods and services in the world today. Analysis of a variety of systems (China, U.S.A., India, U.S.S.R., France, Canada, Zambia and others). Which system offers the most for developing and developed nations?

Instructor - Andrew Whitaker
 Location - N.C.C. Room No. 204
 Nights - Monday
 1st class session January 9, 1978.

Times - 7:00 - 10:00 p.m.
 Length - 15 weeks
 Fee - \$25.50

ENGLISH 102A - A survey of modern literature (section s-206)

Poetry, plays and novels with emphasis on Canadian content; students will have the opportunity to improve writing skills. One major essay and minor assignments will be required.

Instructor - Andrew Whitaker
 Location - N.C.C. Room No. 204
 Nights - Monday
 1st class session January 9, 1978.

Times - 9:00 - 12:00 a.m.
 Length - 15 weeks
 Fee - \$25.50

ENGLISH 102B - Literature and composition (section s-207)

There are no prerequisites for this course. Course content include reading and discussion of modern fiction, essays, drama, and poetry, with written assignments in response. A more open ended course than English 101.

Instructor - George Stanley
 Location - N.C.C. Room No. 202
 Day - Thursday
 1st class session January 12, 1978.

Times - 1:00 - 4:00 p.m.
 Length - 15 weeks
 Fee - \$25.50

ENGLISH 202 - English literature, 1650 - 1880 (section s-208)

Puritanism, Romanticism, Industrialism, reading and discussion of works by Milton, Bunyan, Swift, Blake, Coleridge, Dickens and others with student written assignments in response.

Instructor - Ian Jordan
 Location - N.C.C. Room No. 205
 Night - Tuesday
 1st class session is January 10, 1978.

Times - 7:00 - 10:00 p.m.
 Length - 15 weeks
 Fee - \$25.50

HISTORY 104 - Europe and the world since 1917

No prerequisites for this course. Course content includes from the Russian Revolution to the Great Depression, World War II and today. Analysis of the theory and practice of Communism and Fascism, Capitalism, and Imperialism; emphasis on the interrelation of politics with economic and social factors.

Section (s-209)

Instructor - Peter Weber
 Location - N.C.C. Room No. 102
 Night - Monday
 1st class session January 9, 1978.

Times - 7:00 - 10:00 p.m.
 Length - 15 weeks
 Fee - \$25.50

Section (s-210)

Instructor - Peter Weber
 Location - N.C.C. Room No. 204
 Day - Friday
 1st class session January 13, 1978.

Times - 9:00 - 12:00 a.m.
 Length - 15 weeks
 Fee - \$25.50

MATHEMATICS 082 - preparation for college math (section s-211)

A continuation of math 081 covering grade 12 material. Students who still have to complete grade 11 material are also welcome to join the class. Instruction is self paced, the intent being to meet the needs of as many individuals as possible.

Instructor - Walt McIntyre
 Location - N.C.C. Room No. 210
 Day - Monday
 1st class session January 9, 1978.

Times - 7:00 - 10:00 p.m.
 Length - 15 weeks
 Fee - \$25.50

MATHEMATICS 102 (section s-212)

Prerequisites are math 101 or the equivalent. A continuation of math 101. More differential calculus is followed by an introduction of the basic methods of integral calculus. Topics include: integration; definite and indefinite integrals; application of integral calculus; curve length, areas and volumes, Taylor's formula; complex numbers.

Instructor - Carolyn Williston
Location - N.C.C. Room No. 210
Days - Tuesday & Friday
1st class session January 10, 1978.

Times - 9:00 - 10:30 p.m.
Length - 15 weeks
Fee - \$25.50

PHYSICS 102 (section s-213)

Prerequisites are physics 101 or physics 12 and permission of instructor. An introductory survey of electricity, magnetism and light; electrostatics; electric fields, capacitance, potential, currents, resistance, electric circuits, magnetic forces, magnetic fields, electro magnetic induction; alternating currents, waves and lights, interference diffraction; emission and absorption spectra, special relativity. (3,3,0)

Instructor - Val George
Location - N.C.C. Room No. 210
Day - Wednesday
1st class session January 11, 1978.

Times - 9:00 - 12:00 a.m.
Length - 15 weeks
Fee - \$25.50

POLITICAL SCIENCE 102 - Modern Political Thought (sec. s-214)

Examination of political ideologies (liberal, conservative, socialist, nationalist), the writings of thinkers (Marx, Locke, Burke, Mao), science fiction, art and social materials (in Canadian context) to explain the process, patterns and purpose of politics and government.

Instructor - Frank Cassidy
Location - N.C.C. Room No. 204
Night - Thursday
1st class session January 12, 1978.

Times - 7:00 - 10:00 p.m.
Length - 15 weeks
Fee - \$25.50

PSYCHOLOGY 102 - Introduction to Psychology II (sec. s-215)

A continuation of psychology 101. Topics include motivation, personality, madness, therapy, and social psychology. In addition to attending lectures and discussions, students will carry out experiments or projects.

Instructor - Andre Klinger
Location - N.C.C. Room No. 202
Night - Wednesday
1st class session January 11, 1978.

Times - 7:00 - 10:00 p.m.
Length 15 weeks
Fee - \$25.50

PSYCHOLOGY 202 - Developmental Psychology II (sec. s-216)

A continuation of psychology 201. Topics include personality development, problems of adjustment, social environment, social development and identity from pre-school years to adolescence. In addition to attending lectures and participating in discussions students will carry out experiments or projects.

Instructor - Andre Klinger
Location - N.C.C. Room No. 202
Night - Thursday
1st class session January 12, 1978.

Times - 7:00 - 10:00 p.m.
Sessions - 15 weeks
Fee - \$25.50

SOCIOLOGY AND WOMEN'S STUDIES 111 (section s-217)

Cross-cultural comparison or "Are We Strange"? This course will look at differing social systems in China and amongst the Gitsan in comparison with Canada. Special emphasis will be given to the role which women play in these societies. People are welcome either for general interest or credit.

Instructor - Joanne Nakonechny
Location - N.C.C. Room No. 205
Night - Thursday
1st class session January 12, 1978.

Times - 7:00 - 10:00 p.m.
Sessions - 15 weeks
Fee - \$25.50

HEALTH AND NUTRITION OF YOUNG CHILDREN (Section ECE-104)

Course content includes methods of fostering sound health and nutrition practices in the young child, with special emphasis on day care menu planning. Introduction to first aid and common childhood disorders.

Instructor - Larissa Tarwick
Location - N.C.C. Room No. 200
Nights - Monday

Times - 7:00 - 10:00 p.m.
Sessions -
Fee - \$25.50

Special Programs

EARLY CHILDHOOD EDUCATION

There is a need for trained personnel to work with young children in daycare centres, parent participation, pre-schools, private nursery schools and kindergartens. The Early Childhood Education Program is designed to prepare students to qualify as supervisors in pre-school centres licenced by the Community Facilities Board.

Admission Requirements

1. completion of grade 12 and evidence of good student potential.
2. **mature students** may be admitted without grade 12 if they demonstrate the ability to achieve desired academic work.
3. applicants must have had some experience in the care of children under six years of age, particularly with groups. References certifying that the experiences were successful are required at the time of interview.
4. persons accepted for the course must have presented a medical report verifying that there are no indications that the applicant's future employment will be hindered by a present physical, mental or emotional problem. Current T.B. certificate must be presented before admission to the course.

The training program requires a serious investment of time, and in emotional and physical energy; therefore the student should make arrangements, so that these will not be in conflict with personal interests.

See page 27 for workshop on Creative Art for the Young Child.

ABORIGINAL STUDIES

Northwest Community College offers a diverse series of programs designed to serve the Native population in the College area. Grouped under the title 'Aboriginal Studies', the courses and workshops which are developed take a hard and realistic look at the history, lifestyle and politics of the Native nations of the Northwest. There are 4 main thrusts to the programs.

PROFESSIONAL STUDIES PROGRAMME

This is a uniquely designed program of university - transfer courses developed especially for Native workers involved in jobs servicing their people. Through a carefully - selected list of readings, subjects, guest speakers and films, students take a modelled look at a whole host of topic areas, such as human behaviour, government structures, land and resources, law, racial stereotypes, sexual stereotypes and political systems. Students maintain their jobs while at school; as classes are given for one week every month. Financial support is provided and travelling tutorial help supports students who lack confidence and / or proper study habits.

Students will take the following courses:

Year 1
 English 101/ 102
 Psychology 101/ 102
 and 1 elective from:
 Anthropology
 Political Science
 Social Geography

Year 2
 English 201/ 202
 Psychology 201/ 202
 and 1 elective from:
 Anthropology
 Political Science
 Social Geography

SEMINARS

A fourteen week seminar series, for credit or non-credit, looking at the history of European contact on aboriginal peoples in North America, with specific reference to Canada and Northwest B.C. A diverse variety of films and guest speakers will compare conditions and historical movements from the Northwest Territories to Wounded Knee.

WORKSHOPS

Many workshops are held concerning issues involving Native People.

FILMFESTIVAL

Progressive films depicting Native life and struggles world wide. Watch the papers for further information.

LABOUR EDUCATION

This program is designed to serve the trade union organizations, workers and the general public. Courses, workshops and seminars about all aspects of trade union work: bargaining, grievance procedures, arbitration, litigation and many others.

This program provides unorganized workers with knowledge about labour rights, which will include a basic orientation in the legislative frame work of certification and trade union organization.

Participants will develop an understanding of the economic, social, and political environment in which trade unions operate. There will be an opportunity to study business organization, corporate organization, structure and law, management concepts of "labour relations", interpretations of company financial statements, production management techniques, and corporate political strategies would form some of the elements of a course in business organization. The program will provide for the study of the labour movement: the movement's history, social impact, literature and art.

The following seminars and workshops will take place in the terrace area, usually on weekends. Dates to be announced.

Alcoholism in the Work place

Labour Code of B.C.

Arbitration

Women in the Work Force

Industrial Health and Safety

Local History (How to Assimilate)

Shopsteward Training

Retirement preparation

Shopsteward Training (Advanced)

For information about any of these workshops or ideas of other courses you would like to see happen, please contact:

FRIDAY FILMSERIES

January 27, 1978 DR. ZHIVAGO - General
 Directed by - David Lean
 Starring Omar Sherif, Alec Guinness, Julie Christie

February 10, 1978 RYAN'S DAUGHTER - Mature
 Directed by David Lean
 Starring Robert Mitchum, Sarah Miles, John Mills,
 Trevor Howard.

- February 24, 1978 CROMWELL - General
Directed by Ken Hughes
¼starring *Richard Harris, Alec Guinness*
- March 10, 1978 O LUCKY MAN - Mature
Directed by Lindsay Anderson
Starring *Malcolm McDowell, Rachel Roberts, Ralph Richardson*
- March 19, 1978 CASABLANCA - General
Directed by Michael Curtiz
Starring *Humphrey Bogart, Ingrid Bergman, Claude Rains, Peter Lorre.*
- April 7, 1978 WOMEN IN LOVE - Restricted
Directed by Ken Russell
Starring *Alan Bates, Oliver Reed, Glenda Jackson*
- April 21, 1978 BANANAS - Mature
Directed by Woody Allen
Starring *Woody Allen, Louise Lasser.*

SATURDAY FILM SERIES

- January 21, 1978 MON ONCLE ANTOINE - Mature (Canada c. 1973)
Directed by Claude Jutra
(French dialogue with English sub-titles)
- February 4, 1978 WALKABOUT - General (G)
- March 4, 1978 ON THE WATERFRONT - Mature (U.S.A. 1954)
Directed by Elia Kazan
Starring *Marlon Brando, Eva Marie Saint*
- March 18, 1978 KAMOURASKA - Restricted (Canada 1973)
Directed by Claude Jutra
Starring *Genevieve Bujold, Richard Jordan*
(French dialogue with English sub-titles)
- April 1, 1978 REBEL WITHOUT A CAUSE - Mature (U.S.A. 1955)
Directed by Nicholas Ray
Starring *James Dean, Natalie Wood, Sal Mineo, Jim Backus.*
- April 15, 1978 INVESTIGATION OF A CITIZEN ABOVE SUSPICION
(Italy 1970)
- General Directed by Elio Petri
Starring *Gian Maria Volonte, Florinda Bolkan*
(Italian dialogue with English sub-titles)
- April 29, 1978 Z - General (France 1969)
Directed by Costa Gavras
Starring *Yves Montand, Irene Papas, Jean Louis Trintignant*
French dialogue with English Sub-titles.

NORTHWEST COMMUNITY COLLEGE - Lectures, Workshops and Activities

CREATIVE ART FOR THE YOUNG CHILD

Sessions will include slide presentations, films, workshops and seminar discussion and will focus on Art as a means of free self expression for the developing child. Topics covered will include stages of Development in Child Art, Values of Creative Art and Children and Creativity. Workshops will present various techniques of working with paint, paper and crayons, suitable for the pre-school child. For Teachers and Parents of Pre-school children.

Instructor - Jerry Thompson

Saturday, February 4, 1978
Time - 9:00 a.m. - 3:00 p.m.

Fee - \$10.00 payable at first class session
N.C.C. Room No. 202

LABOUR STUDIES PROGRAM

This program will be bringing many interesting workshops to the community this winter, that will be relevant to both the organized and unorganized worker. Please turn to page 25 for titles of workshops to be held this winter.

SPEAKERS COMMITTEE

This committee has been appointed to organize films, lectures with guest speakers, and small workshops of community and college interest.

The committee is composed of students, faculty, and administrative representatives. For further information contact Bert Seinen at 635-6511 loc. 227 or Frances Long 635-4931 loc. 37.

NORTHWEST COMMUNITY COLLEGE NEWS

This monthly newsletter is to inform members of the community, as to what is happening at all college centres in the region. Copies are available at the college or Community Education at the School Board offices.

CAPTAIN JAMES COOK AND HIS TIMES

In honour of the British Columbia Bi-Centennial, we are proud to have Commander Waters from Simon Fraser University, provide us with a lecture and slide presentation regarding Captain James Cook and his Times. Contact Frances Long, 635-4931 for more information

Where - Caledonia Lecture Theatre

When - Wednesday, March 8, 1978

Times - 7:30 - 10:00 p.m.

Fee - Free
