HEALTH FAIR '82

Houston is planning its second annual Health Fair for the fall of 1982. The dates have been set for the night of October 1 and day of October 2 and the Fair will be held at the Houston Shopping Mall. The first Health Fair was held in 1976 and was a great success. Health Fair '82 promises to be even better.

But... what is a Health Fair? The Health Fair idea is but a part of the movement toward health awareness and self-care. But because it's a fair, it is a community social event which provides a festive and open atmosphere for personal involvement, human interaction and the exchange of health information and ideas, with emphasis on preventive health care.

There will be lots of events for everyone to participate in. It will be fun for the whole family. Mark the dates on your calendar and plan to be part of Health Fair '82. See you there!
