Cultural connections

Local Indigenous communities guide how we include Indigenous culture and knowledge into the Coast Mountain College experience.

Our classes support the First People's principles of learning and recognize relationships between traditional cultures of our region and success of our students.

coastmountaincollege.ca/indigenous-resources

Fostering a culture of respect

At Coast Mountain College there are Indigenous community members and students represented when administrative protocols and issues are discussed.

Having Indigenous voices where decisions are made and engaging in authentic listening is how we are building a culture of respect.

- First Nations Council
- Board of Governors
- Education Council
- Aboriginal Course & Program Articulation Committee

Indigenization of programs

We continue to develop programs connected to cultural, social, political and economic values; connected to realities of Indigenous communities we serve.

Indigenous traditions in the northwest are honoured and supported.

Indigenous-focused programs

- First Nations Fine Arts
- First Nations Studies

Indigenous-focused field studies

- Relationships and Language: Truth and Reconciliation in North Western BC
- Haida Gwaii
- People of the Skeena
- Sense of Place: Gitga'at Territory Seaweed Camp
- Stewart/Telegraph Creek

coastmountaincollege.ca/indigenous-resources

“It’s really humbling for me to actually do this, being somebody who always wanted to go to school for art. Now I get to connect myself with my culture and learn more about it. It’s helping me understand myself as well.”

**Kari Morgan, First Nations Fine Arts graduate,
Freda Diesing School of Northwest Coast Art**

Fine Arts at Freda Diesing School of Northwest Coast Art

Freda Diesing School of Northwest Coast Art brings all nations together in the pursuit of higher education and sets new standards for aspiring artists.

Develop solid foundations in First Nations Northwest Coast Art and learn and practice traditional art forms alongside master artists and instructors.

coastmountaincollege.ca/first-nations-fine-arts

Haida artist Freda Diesing was a master carver, painter and tireless educator and champion of Indigenous art and culture.

Place-based education

Our people and places are a learning system. To enhance education in and for the local environment, cultures, history, economy and politics.

coastmountaincollege.ca/place-based-learning

"It's where I spend most of my time when I am not in school, so when I have class time in the outdoors as well, I feel really comfortable and at home. I would recommend this program to anyone who's interested. It's a lot of time outside, learning things about this area in particular. You're doing real field-work and things that would be entirely transferable to a job site. It's pretty invaluable."

Wolfgang Protzner, University Transfer student

Field schools: Adventurous education

A remarkable experience transforms you.

Climb glaciers, kayak an ocean inlet or hike rainforests to explore and learn. Hop on a ferry to remote beaches to collect seaweed with the local Indigenous community or visit a local farmer to learn permaculture tips from experts in the field.

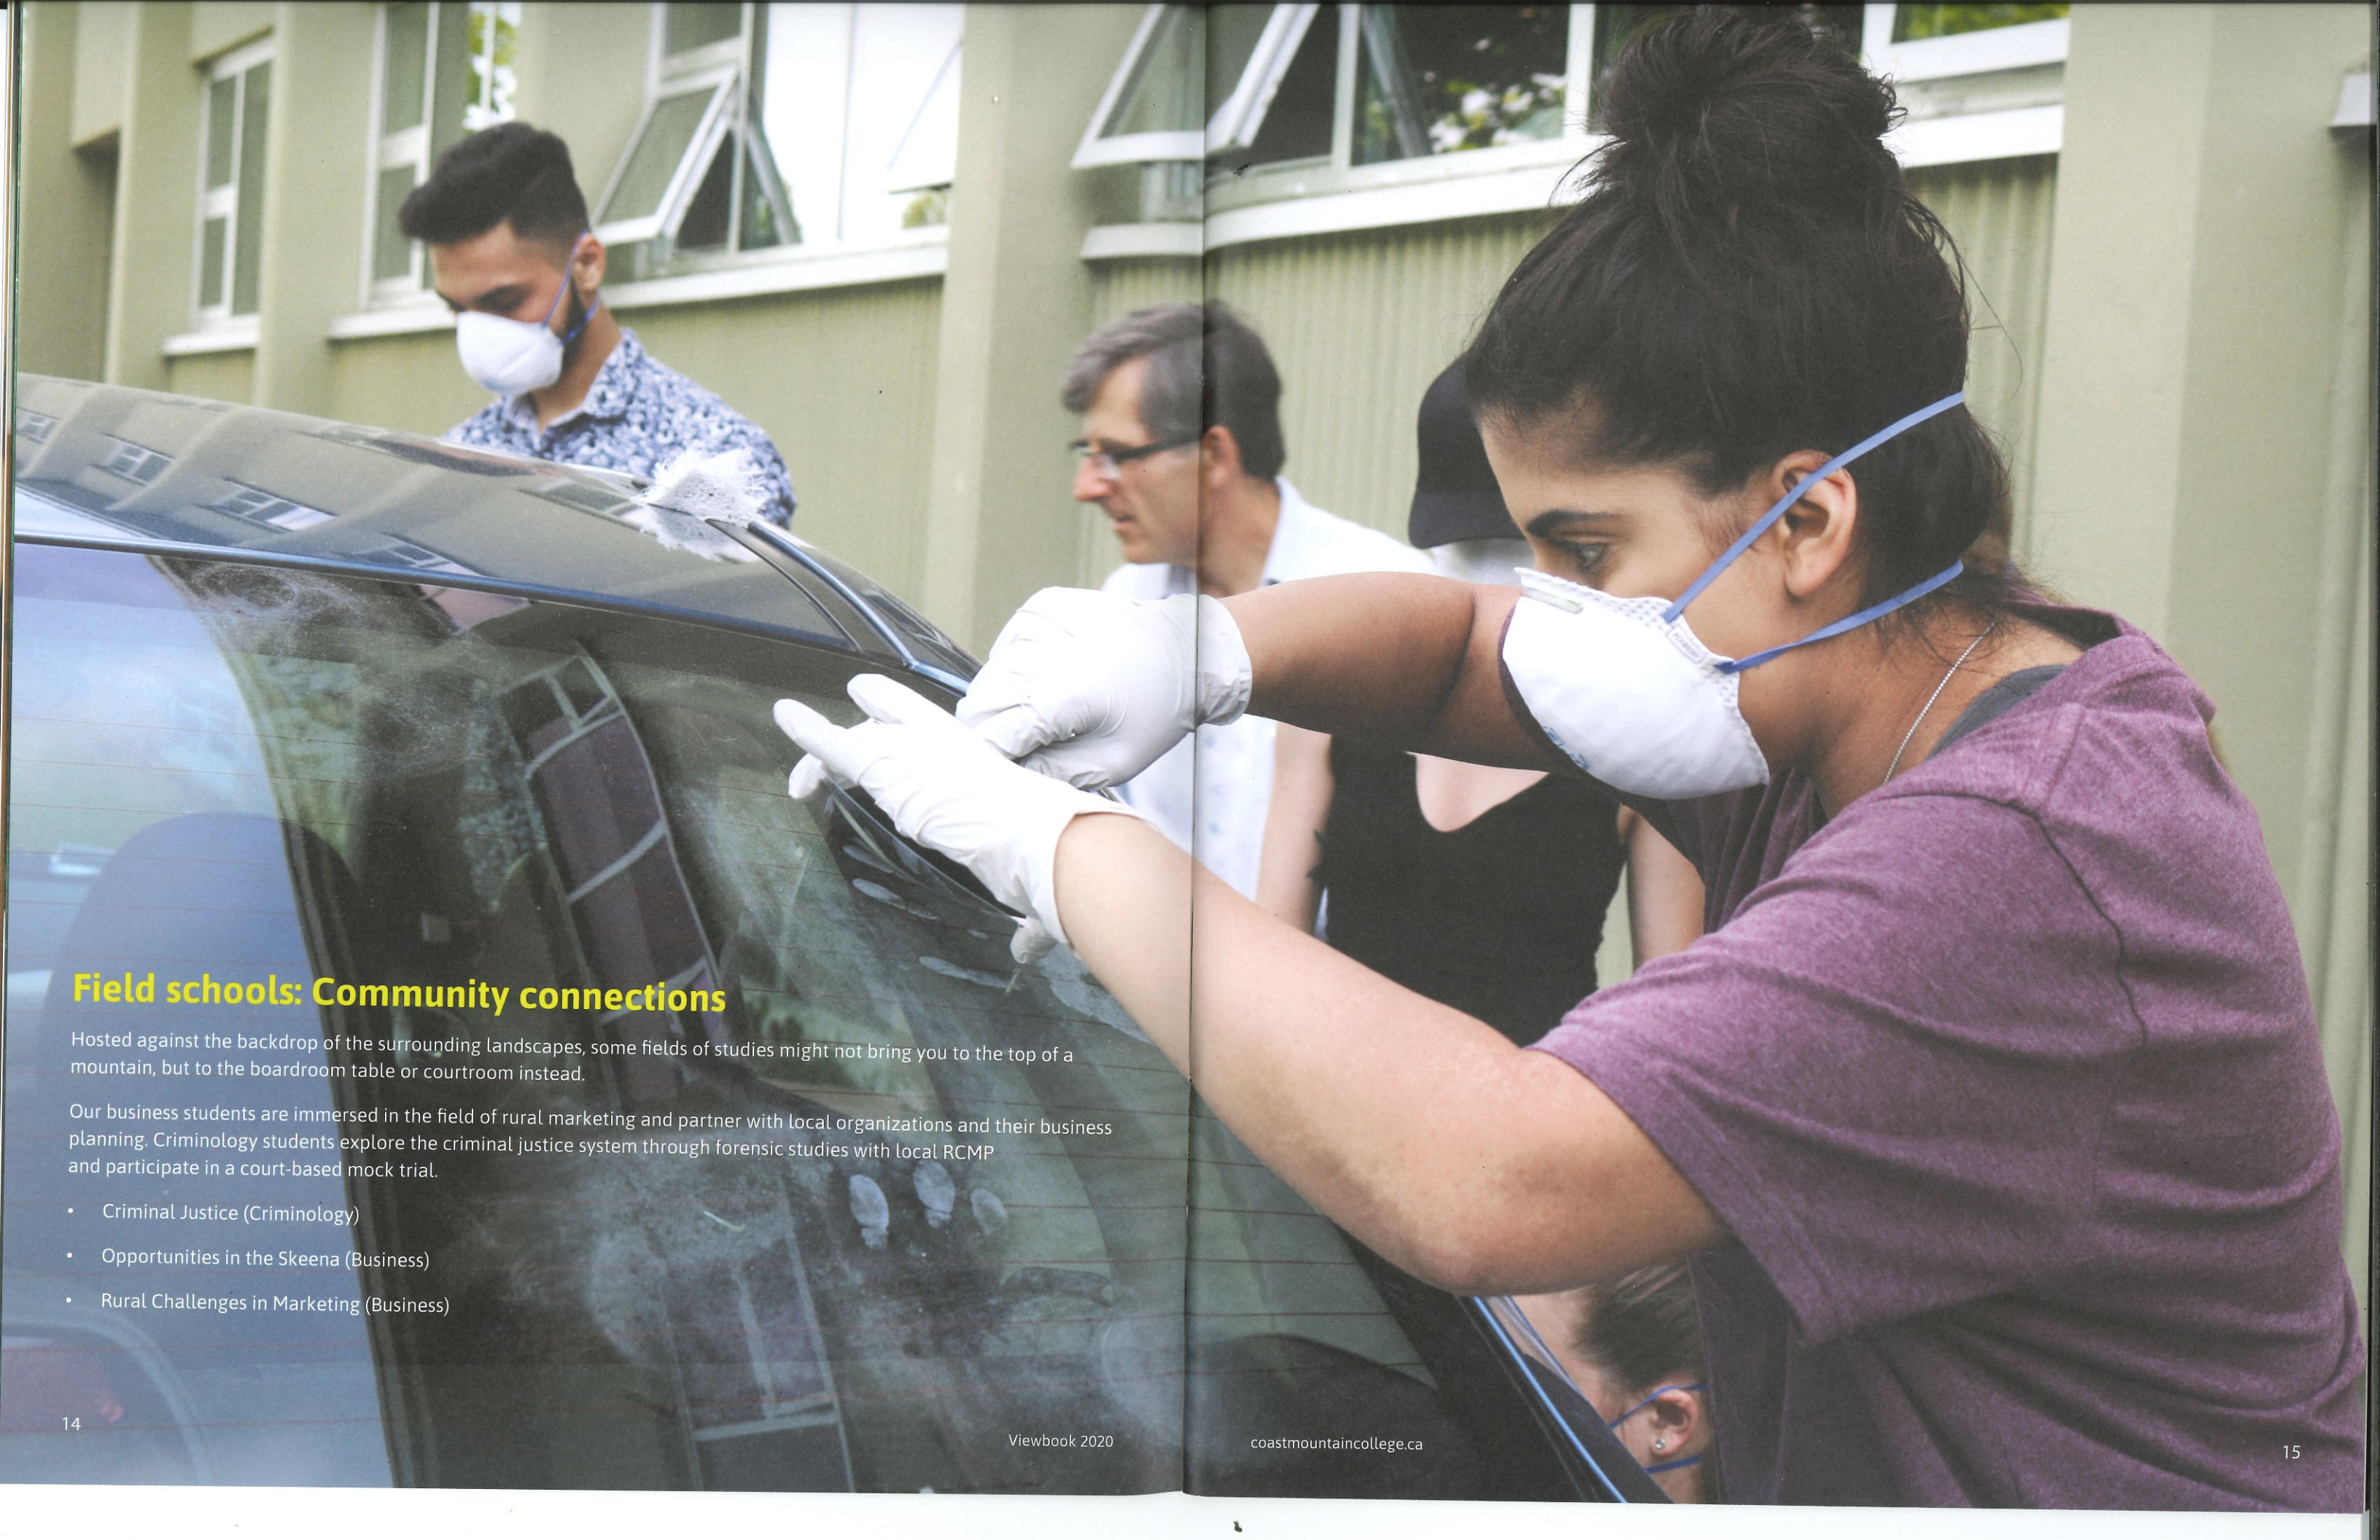

There are many field schools offered May to August every year that offer an adventure of a lifetime with a focus on sustainability, environmental science and culture.

- Coast Mountain Ecology
- Haida Gwaii
- From Icefields to Oceans
- Invertebrates and their Ecosystems
- Permaculture Design
- People and Place: The History and Geography of British Columbia
- People of the Skeena
- Rainforests and Coastal Communities
- Sense of Place: Gitga'at Territory Seaweed Camp
- Stewart/Telegraph Creek

coastmountaincollege.ca/field-schools

**Free your
mind.**

Field schools: Community connections

Hosted against the backdrop of the surrounding landscapes, some fields of studies might not bring you to the top of a mountain, but to the boardroom table or courtroom instead.

Our business students are immersed in the field of rural marketing and partner with local organizations and their business planning. Criminology students explore the criminal justice system through forensic studies with local RCMP and participate in a court-based mock trial.

- Criminal Justice (Criminology)
- Opportunities in the Skeena (Business)
- Rural Challenges in Marketing (Business)

Study abroad

Consider what it would be like to work and learn with students from around the world, while living outside of Canada. Our international degree partnerships transform your post-secondary experience.

Universities located throughout the globe are in partnership with CMTN to prepare you for an adventure of a lifetime.

See pages 46 - 47 for a list of partnerships and details on how to apply.

coastmountaincollege.ca/study-abroad

"My experiences at Coast Mountain College where I had smaller class sizes and instructors that were always willing to assist me when I was enrolled, and even now as I am in Finland, set me up for success at Lapland. The theory I was taught at CMTN provided a solid foundation that I have been able to build further on."

Nijah Roches, CMTN Business graduate

A high standard of living, forward thinking and stunning landscapes of Scandinavian countries have always interested CMTN study abroad student, Nijah Roches. She transferred her first two years of Business studies to Finland to continue a degree in international business at Lapland University.

Student life

Enhance your college experience with an eventful student life. Check out cultural events and workshops, curling bonspiels, fitness classes, trips to the ski hill, movie nights and more!

Our campuses also play host to many community events: art exhibits, guest lecturers, orchestra practices, and Indigenous dance groups, to name a few.

coastmountaincollege.ca/events

Campuses & experiences

Get in touch with nature. There are abundant outdoor activities available around our campuses and communities. Our campus libraries rent bikes, snowshoes or fishing rods. Get out there and explore!

Terrace

Terrace campus is thirty acres nestled in the surrounding mountain ranges.

Downtown is approximately 5kms away. Walk, bike or take a bus. Student buildings are available for housing accommodation.

A full cafeteria with food prepared by students is open for breakfast, lunch or dinner. The Cedar Café also offers food, coffee specials and bright study space.

Students have modern facilities, increased study space and state of the art equipment to prepare for careers in the trades. In the Cedar building there is also a commons area with study space, breakout rooms and funky furniture. Find the campus library there.

The yurt is located in the middle of the courtyard and is an innovative space for our classes and meetings.

At the south end of the campus stands Waap Galts'ap. The campus longhouse is for student-centered and cultural activities. There are various events hosted here.

Prince Rupert

Located downtown, our campus hosts many community gatherings in the common space.

The campus is busy with a large library, innovation lab, multiple seminar rooms, trades facilities, student lounge, classrooms, labs, and administrative and service spaces.

Smithers

Our Gold LEED building floods with natural light and heats with Geothermal energy. There is wood, rock and art throughout to represent themes of forestry, resource management and Indigenous culture. To symbolize our connection and commitment to the Northwest.

There is a large gathering area and bright learning spaces. With video conferencing and distance education we offer instructor-led and online courses in our classroom spaces and science labs. There is also a multi-purpose shop for trades, a library, Campus Store, and computer lab.

Student housing has 20 rooms. With shared kitchen, dining hall, lounge area, laundry and washrooms.

Hazelton

Nestled in the shadow of Stekyoden (Roche de Boule Mountain), the Hazelton campus has classrooms, a library and Campus Store to keep connected to its communities.

Programs include university courses, social and health sciences, trades, continuing education and workforce certification.

Haida Gwaii

Steeped in Indigenous cultural history and pristine beauty, Haida Gwaii hosts vast distances of sandy beaches and peaceful ocean views. We have campuses in two communities: the Village of Queen Charlotte and in Masset.

Course offerings are developed in response to community interest.

coastmountaincollege.ca/campus-locations

The Cedar building on our Terrace campus has project rooms that can seat four students at a time and features multi-touch monitors for immersive and interactive project collaboration.

The student lounge is equipped with flexible seating, laptop tables and power towers so that students can work, collaborate, communicate and relax. With stunning floor to ceiling windows the space has the best views on campus.

Campus services

Campus Stores

We sell College swag, textbooks, course materials and tools for our programs at our local stores.

coastmountaincollege.ca/campus-store

Libraries

Books, movies, bikes, sports equipment, gaming consoles, laptops and tablets to borrow for free! There are also over 39,000 electronic titles to use at the campus or at home. Always access a librarian if you need help with our 24 hour chat service.

coastmountaincollege.ca/library

Food

Food is available at the Terrace Campus. Meet for lunch at the cafeteria. Where the menu changes daily and is prepared by students. Grab some coffee or pizza at the Cedar Café.

coastmountaincollege.ca/food-services

Student Housing

In Terrace there are five, two-floor traditional residence buildings. Smithers has 20 rooms, with shared kitchen, dining, common area, laundry and washrooms. Bring bedding, towels, and dishes. Apply early!

coastmountaincollege.ca/housing

Students' Union

Coast Mountain College's Students' Union campaigns for common student interests and hosts local campus events and services.

mycmsu.ca

Wellness Centre

In Terrace we offer a fitness space fully equipped with weights and cardio machines (under construction).

Student services

Friendly, professional and knowledgeable. Contact us on campus, by phone or online.

Educational Advisors

- Personal education plan
- Program and course selection

Accessibility Services

- Accommodations for disabilities
- Program enrollment assistance

Learning Assistance

- Student success workshops
- Assessment services
- Drop-in learning

First Nations Access Coordinators

- Support First Nations students
- Liaise with First Nations band education coordinators

Counselling (Personal)

Available to all students. Service is 24/7. Call, chat, email or videoconference. [keepmesafe.org](https://www.coastmountaincollege.ca/keepmesafe.org)

Financial Aid

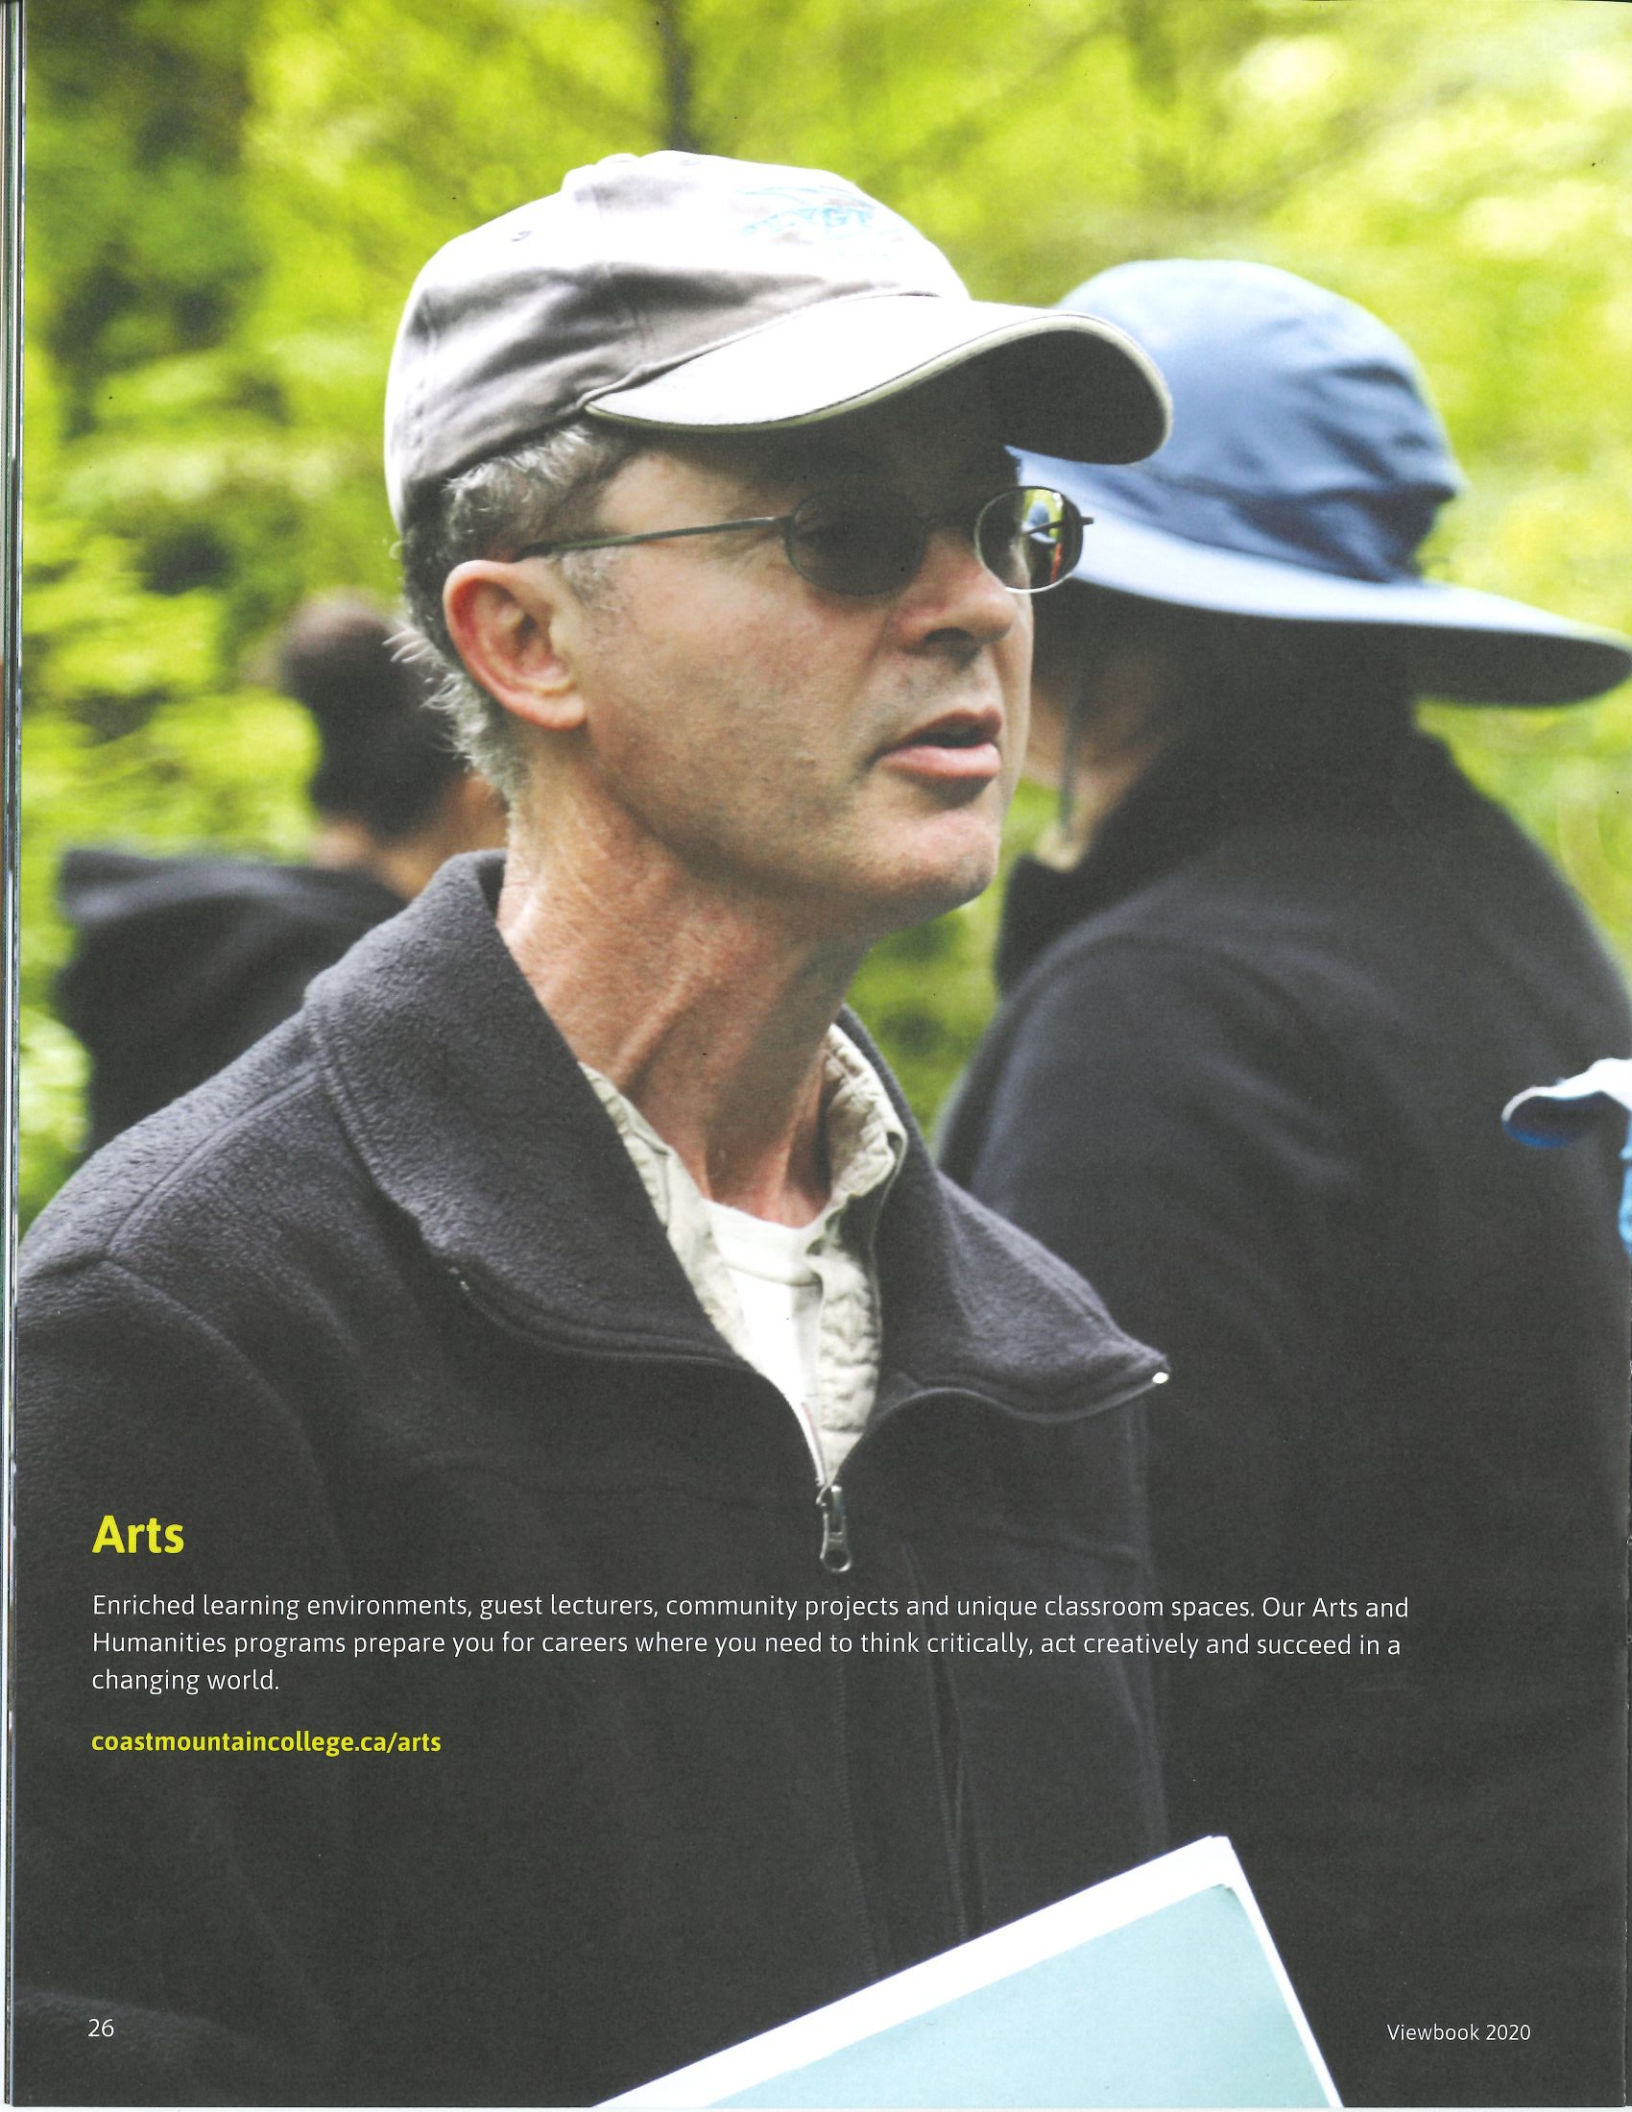

Help to access funds and develop financial planning. Consider awards, bursaries, scholarships, part-time employment and student loans.

CMTN Foundation

A not-for-profit organization dedicated to raising funds and awareness to enrich your learning experience.

Raised money funds scholarships, awards and bursaries for our students. The Foundation works to reward academic achievement and support students in need.

[coastmountaincollege.ca/awards](https://www.coastmountaincollege.ca/awards)

Arts

Enriched learning environments, guest lecturers, community projects and unique classroom spaces. Our Arts and Humanities programs prepare you for careers where you need to think critically, act creatively and succeed in a changing world.

coastmountaincollege.ca/arts

“These ideas are intelligent, and derived from Indigenous knowledge, with careful observation of nature and how to incorporate renewable technologies. In our northwest region it is imperative to revitalize and re-localize our economies with care for the environment and for all people.”

Cheri Reidy, Permaculture Design student

Permaculture Design is a course offered as part of our Sustainable Communities Associate Degree available at our Prince Rupert campus. Students in our program are working towards careers that explore integrating nature and cities; Indigenous wisdom and modern technology; permaculture; ecology and economy.

Business

Gain the credentials, experience and expertise you will need to get ahead in today's competitive and changing workplace. Our instructors are experts in their field and enhance their classrooms with community projects and collaborations.

coastmountaincollege.ca/business

"In the business program we really try to integrate the students with community. To do interesting and unique things and take advantage of our field schools. If you want a program where you can learn, get involved in the community and get some real-life skills, this would be the place for you."

Evan VanDyk, Business Instructor, Coast Mountain College graduate and local business owner

Evan graduated from Coast Mountain College with his diploma in Business Administration and then went on to gain his Bachelor of Commerce from UNBC. He is now an accounting instructor in our Business program and owns a small business in Terrace where he employs 25 staff.

Health & Social Services

Practice what you learn in a workplace setting to gain skills needed for jobs in the health and social services industry. Connect with your community through our learning labs and practicum opportunities.

coastmountaincollege.ca/health-social-services

"My favourite part of the program is the hands-on work in the lab and getting to know the clients. I plan to work at the hospital here in Masset on Haida Gwaii for my practicum before I apply to the Licensed Practical Nursing program at the campus in Terrace."

Martina Abrahams, Health Care Assistant graduate, Haida Gwaii

Martina has recently graduated from our 29-week Health Care Assistant program to develop knowledge, skills, and attitudes needed to provide professional care to the elderly and those facing other health or illness challenges. Health Care Assistant is offered at many of our campuses.

"I chose to study Applied Coastal Ecology because I wanted to get to know and work in the local area. Getting out into the field is awesome and a lot of fun so I found that it is a good program for me. Practicing what you're learning about is amazing and it really makes me feel ready to hit the workforce when I graduate."

Leah Naglis, Applied Coastal Ecology student

Applied Coastal Ecology is a diploma program located at our Prince Rupert campus. Graduates are prepared for careers in natural resources management, ecosystems restoration, rainforest ecology, wildlife management and more.

Science

Community projects, applied research and our expert instructors enhance our science classrooms as we continue to explore ways to move our courses into the field.

coastmountaincollege.ca/science

Trades

At Coast Mountain College we have been preparing workers for success in skilled trades for decades. Our instructors are connected experts who know local industry.

Foundation and apprenticeship programs run at our various campuses. No waitlists, small classroom sizes and state-of-the-art training facilities.

coastmountaincollege.ca/trades

“The classes are small and it almost feels like you are personally tutored here. The class does a mainline hot lunch four days out of the week at the campus Cafeteria. We practice our recipe skills and get a handle on our execution and timing. I think that anyone who takes this program will pretty much be able to step out on their own at an entry-level position in a restaurant.”

Kalen Snipper-Higson, Professional Cook Level Two student

When you train to become a professional chef you learn and work in a supervised commercial kitchen and practice skills needed to perform basic cooking and food preparation.

Professional Development

Advance your career and develop professional skills. Become a leader in the workplace.

- Interpersonal Skills
- Delivery of Instruction
- Human Rights at Work
- Introduction to Non-Profit Management
- Core Essentials for Leaders
- Delegation & Empowerment
- Effective Communication & Conflict Management
- Accounting Fundamentals Series
- Resume Writing Workshop
- New Manager Suite
- Project Management Fundamentals

- Administrative Assistant Suite

We offer online training courses. Flexible and on a schedule that works for you.

- Veterinary Assistant
- Certified Wedding Planner
- Veterinary Assistant with Horse Care Management
- Horse Care Management
- Entrepreneurship: Start-Up and Business Owner Management
- Video Game Design & Development
- Certified Residential Interior Design

coastmountaincollege.ca/wtcs

"I really believe in non-profits, and the role that they play in a healthy society or community. So being able to bring professional expertise to help non-profits develop those skill sets is something that I think is worth doing as part of my own volunteer efforts in this community."

Dr. David Try, CMTN instructor

Dr. Try led a series of six workshops at Coast Mountain College to assist non-profit organizations in the region to develop specific skills in things like marketing, fundraising and strategic and human resources management.

We are a training agency for many certifications:

- BC Construction Safety Alliance (Traffic Control Flagging)
- Danatec (Transportation of Dangerous Goods)
- Enform (H2S Alive, Chainsaw Safety)
- Go2HR (Serving It Right)
- ICBC (Airbrakes Endorsement, Driver Training)
- IVES (Forklift Certification)
- BC Ministry of Health (FoodSafe)
- Ministry of Tourism, Trade and Investment (SuperHost)
- Canadian Red Cross (Babysitter Training, CPR, Level 'C', Childcare First Aid & CPR, Marine Basic First Aid, Oxygen Therapy, First Aid, Wilderness and Remote First Aid & CPR)
- Transport Canada (Marine Training)
- WorkSafeBC (WorkSafe Safety Modules, WHMIS, Occupational First Aid)

Begin your journey.

Industry training

Get the training for a successful career in industry.

"I etch copper using salt water and electricity. It's a low toxic process and it's really fun. And it's all inspired by the things that I see regularly on Haida Gwaii that make me feel whole and complete, and connected to the planet."

Jen Wilson, Salt Fire Copper Jewelry

Students in our copper etching course gained a solid understanding of how to transfer images onto metal. From their own designs, students experimented using salt water, electricity, a variety of different resists and power sources to transfer designs onto the copper permanently in an etching process that is low toxic and available in any household.

Education unbound.

Choose your program

Thanks to videoconferencing and online opportunities we are able to offer many courses at various campuses. On pages 43 - 45 location refers to instructor-led location of programs.

Arts
